

Status Report Codes & Comments

Status Reports: Each institution can access its status report through the coordinator's section of the ISEP Web site. The status report records student activity (incoming and outgoing) using the codes on the previous page.

Exchange balance: Each student's exchange placement is assigned a value: 1.0 for a full year, 0.5 for a semester, and 0.25 for a summer term. An outgoing student counts as a negative: -1.0, -0.5, -0.25; each incoming student counts as a positive: +1.0, +0.5, +0.25 (quarter schools: +1.0 for the full year, +0.33 for QU1, +0.66 for QU2, 3). ISEP-Direct participants are listed as 0.0 because they do not count in the exchange balance.

Cumulative balance: Sum of all placement activity preceding the current year

Total balance: Sum of previous exchange activity and current (or scheduled) activity for the period of the report.

Balance summary: Sent to institutions in July or August of each year; includes all exchange activity through the previous academic year (U.S. calendar); after an institution agrees to a summary, it becomes the foundation of future exchange calculations.
