with

## LOCATION

The PUC-RIO campus is located in a preserved tropical rainforest by a quiet neighborhood of Rio de Janeiro, a city famous for its natural beauty and cultural life.

## PROGRAM DETAILS

This program aims to develop students' skills in speaking, reading, and writing Portuguese in both formal and informal situations. Through immersion in the Brazilian culture with a true *carioca* experience, the program also prepares international students to attend regular university courses in all academic areas, including history, anthropology, literature, international relations, and engineering. A language test places students in the appropriate level of Portuguese instruction: Introductory, Intermediate I, Intermediate II, Advanced I, and Advanced II.

## COURSES AND CREDITS

The summer intensive course in Portuguese consists of 90 hours of instruction. Students receive a certificate of completion.

## HOUSING AND MEALS

Students are housed in private rooms with host families, where they have the best opportunity to experience the Brazilian way of life and to speak everyday Portuguese. All houses are located near the university in neighborhoods such as Gávea, Ipanema, Leblon, and Copacabana in the Zona Sul of Rio, where some of the most beautiful beaches are located.
