

SUMMER Abroad

JUSTUS-LIEBIG-UNIVERSITÄT GIESSEN

Intellectual Property Law, Business in Biotechnology,
and German Language Study

GERMANY

with

LOCATION

Founded by Ludwig V of Hessen-Darmstadt in 1607, the University now bears the name of one of its most renowned scientists, Justus Liebig. Many of the 23,000 students currently enrolled study applied sciences. Wetzlar (Goethe), Darmstadt, Marburg, and Frankfurt are easily accessible by train.

PROGRAM DETAILS

The interdisciplinary program covers business, health, law, ethics, and the natural sciences. All courses are taught in English by internationally renowned academics and scientists. Optional German language courses are taught at the beginning, intermediate, and advanced levels. Students are assigned courses based on a language test conducted on the first day of class. Small classes guarantee intensive optimized learning.

Excursions: The program includes study tours to biotech companies (internship opportunities available), as well as a 3-day study tour to various European Union and European Community institutions in Brussels, Belgium.

COURSES AND CREDITS

Students receive 9 ECTS credits for a total of 64 course hours. Students also receive a transcript issued by the university.

HOUSING AND MEALS

Students are housed in a single room in a student residence hall. Meals are not included (except during study tours), but students receive a complimentary meal card worth EUR 50 for the university cafeterias. A gym membership is also included.

DATES

July 17 – August 14, 2010

ISEP-DIRECT COST
