

Discover France
through ISEP

A guided tour
of French campuses

4th edition
March 2010

www.isep.org/isepfrance

ISEP-France and its member universities will organize for the fourth time seminars and campus visits in the Spring of 2010. This will give ISEP coordinators the opportunity to get to know the French university system and allow them to discover the campuses where they send their students.

The seminars

They will be organized throughout the tour by the different universities and will cover themes such as «attending courses taught in French», the Bologna process, credits, health issues, accommodation, coordinators, websites and will be supplemented by students' testimonies.

The campus tours

In **March 2010**, the tour will take you to our campuses in **Lille, Amiens and Le Havre**

Conditions

The Universities in the ISEP-France network will cover one meal per day for one representative per university.

Participants will pay for their room, for the other meals as well as travel costs (flight to France and transportation from city to city).

Information and registration

Please contact Cédric Guern at the following address : **cedric.guern@unicaen.fr**
